SELECTION & ORDERING / 选型与订货

把系列选对，把接口确认清楚

Select the series, confirm the interface

01 按波纹管标称内径选系列

Select the series by nominal tube inner diameter: Ø29 / Ø36 / Ø48 / Ø70.

02 确认结构与接口

Confirm mounting direction, connector layout, bend envelope and required clearance.

03 订货信息

Provide series, part name, quantity, drawing revision and any required material or colour.
